

Dear Andrea,

I have to agree with Cynthia. Not only was your presentation superb, but your development of the organization you founded, the Association for Women's Career Development in Hungary, is very inspirational. I remember in the beginning, when you had the idea for such an organization in your country. It is amazing to see all that you have accomplished and all the Conferences you have planned over these past few years. And your involvement in the EU and women's leadership as well, is so exciting. The women in Hungary should be very proud of your efforts on their behalf. Keep up your hard work. You deserve all the success you get! I am so thrilled for you and I am grateful for your continued friendship across the ocean.

Thank you for inviting me to Saturday's Symposium at Fordham.

All the best,

Connie

Dear Andrea,

I hope you had a safe flight home. Your presentation at our CSW parallel event at Fordham University on March 14 was superb! You are such an inspiration as to what one woman can accomplish. I was so impressed with your presentation and learning more about the work of the Association for Women's Career Development in Hungary as well as your European leadership to empower women.

With much gratitude for your participation in making our conference such a success.

I am so grateful to Susan for recommending you and it was such a privilege to meet you! Thank you.

Best regards,
Cynthia
